## Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about famous or significant people. Learning may focus on past or present inventors, explorers or scientists and how they influence society today.

- **How Important is Mary Seacole?**- Mary Seacole was a Jamaican-born nurse who is remembered for helping soldiers during the Crimean War. Using [this video](#) your child can create a simple timeline of Mary Seacole's life. If this is too challenging, why not ask your child to design an award for Mary Seacole. Your child could also locate Jamaica and Scotland on a world map.
- **Keep them Clean!**- Mary Seacole visited Florence Nightingale, another important nurse, during the Crimean War. Florence Nightingale was known for highlighting the importance of hygiene when caring for the sick, particularly handwashing. Ask your child to create handwashing posters for the home. They might want to make up a jingle too!
- **Intriguing Inventions**- Challenge your child to invent something new. Perhaps a new gadget for the home to keep the family entertained, or something that would help a doctor or a nurse. They can draw and label their design, and could have a go at making it using things from the recycling box. Share this online using @class\_milton or @FitzwilliamCla1 using the twitter hashtag [#Elsecarlearning](#).
- **The Queen: Then and Now**- What was life like for Queen Elizabeth I? [This video](#) may help your child to understand. How is life different for the current queen, Queen Elizabeth II? Ask your child to create a list of the similarities and differences. They might focus on appearance, family and interests. They could show these using illustrations too.
- **A Seriously Significant Somebody**- Who is important to your child? What makes them so important? Your child could draw or paint a portrait of their significant somebody using a photograph or digital image to support them. They may wish to write an information report about this person too!

## STEM Learning Opportunities [#sciencefromhome](#)

### **Beulah Henry 1912 – 1970**

- Beulah was a famous American inventor who invented over 100 new products. She made several umbrella inventions from clip on covers to special umbrella bags.
- If you were going to design an umbrella what would it look like and what materials would you use?
- Try making a model umbrella using junk box materials you might find at home.
