	<u>Year five</u>	<u>Year six</u>
Monday- Visit the Literacy Shed for this wonderful resource on The Alchemist's	Monday- Metric units.	Monday- Nets of 3D shapes.
Letter or take part in a writing master class.		
Tuesday- After the reading task, your child can write a diary entry from the	Tuesday- Imperial units.	Tuesday- Circles.
viewpoint of the <u>child</u> who lives in the rainforest. Alternatively, they can write a		
diary entry in the day in the life of <u>Toki</u> . What is the message of the story and how		
he felt throughout the clip. What emotive language could they use?		
Wednesday- Ask your child to write a poem about the rainforest. Get your children	Wednesday- Converting units of time.	Wednesday- Read and interpret pie
to try and create 4 stanzas about the climate, animals, what they like about it and		charts.
the potential dangers. Ask them to perform their poem.		
Thursday- Ask your child to write two contrasting descriptions of the rainforest.	Thursday- Timetables.	Thursday- The mean.
One depicting the rainforest's <b>beauty</b> and the other <b>deforestation</b> .		
Friday- Rainforests are destroyed by nature too so we should make use of their products rather than waste them. Your child can write a balanced argument.	Friday (Flashback 4)- Complete slides	Friday (Flashback 4)- Complete slides 1-5 of flashback four.

#### Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about the world's rainforests. Learning may focus on the plants, animals and insects that inhabit the rainforest, food that originates there and weather patterns. It could look at plants and animals that can be found in the garden too.

- **Deforestation: Destroying Animal Habitats and The Homes of Humans-** Deforestation occurs in <u>rainforests</u> throughout the world. Trees are cut down on a huge scale, often to create space for grazing livestock or buildings. As part of this process, <u>animal habitats and the homes of native people are often destroyed</u>. Direct your child to create a poster highlighting the impact of deforestation on both humans and animals. Encourage them to think of possible solutions to some of these challenges and include these solutions on their posters. Remember to tweet a photo of their poster using @BiramClass #Else carlearning.
- <u>Welcome to The Jungle: Let Creativity Roar!</u> Henri Rousseau was a French painter from the 19th Century who created many paintings inspired by jungles and rainforests, although he never actually visited one. Direct your child to explore <u>facts</u> about this famous painter and encourage them to create a jungle/rainforest piece of <u>artwork in his style</u>. They could draw, paint or create a collage, depending on the resources you have available at home.
- <u>Discovering Far off Lands</u>. In the 16th century, Sir Walter Raleigh sailed the Atlantic Ocean in search of a place called El Dorado. His expedition took him to Guyana and his search led him to discover the country's rainforest. 400 years on, a group of children have taken on the challenge to follow in Sir Walter's footsteps in their own expedition to Guyana. Direct your child to watch this clip and explore the others on the <u>BBC Teach website</u>. Challenge them to plan their own expedition and consider what they would need to take with them. Alternatively, they could write a first-hand account of their time in the rainforest from the perspective of Sir Walter. Remind them that Sir Walter would not have had access to the mod cons we do now.
- <u>Rumble in The Jungle Get that Heart Rate Going! -</u> Encourage your child to increase their heart rate by challenging themselves and members of the family to mimic the actions of animals which inhabit rainforests. Actions could include: jumping over logs, ducking under branches, high knees through quicksand, running from a tiger etc. Challenge them to record their heart rate (beats per minute) after each activity. Which activity increased their heart rate most? *Recommendation at least 2 hours of exercise a week.*
- <u>Deforestation: Our Climate and Our Planet</u>- As well as impacting on animal habitats and native people, deforestation is also a major contributor towards climate change. Direct your child to create an awareness leaflet about the effects of <u>climate change</u> on our planet and how <u>deforestation is contributing towards this</u>.

#### STEM Learning Opportunities #sciencefromhome

#### **Rainforest Leaf Adaptation**

- Watch this video.
- Many tropical rainforest leaves have a drip tip to help them cope with high rainfall. It is thought that these drip tips enable rain drops to run off quickly. Plants need to shed water to avoid growth of fungus and bacteria in the warm, wet tropical rainforest. Have a look at some other common leaf adaptations <u>here</u>.
- Look at the leaves in your garden or out on a walk. What adaptations do they have? Create a branching identification key to help identify the leaves in your area.

# Additional learning resources parents may wish to engage with!

- BBC Bitesize Lots of videos and learning opportunities for all subjects.
- <u>Classroom Secrets Learning Packs</u> Reading, writing and maths activities for different ages.
- Twinkl Click on the link and sign up using your email address and creating a password. Use the offer code UKTWINKLHELPS.
- <u>Times Table Rockstars</u> and <u>Numbots</u>. Your child can access both of these programmes with their school logins. On Times Table Rockstars, children should aim to play Soundcheck for 20 minutes daily.
- IXL online. Click here for <u>Year 5</u> or here for <u>Year 6</u>. There are interactive games to play and guides for parents.
- Mastery Mathematics Learning Packs. Take a look at the mastery mathematics home learning packs with a range of different activities and lessons.
- Y5 Talk for Writing Home-school Booklets and Y6 are an excellent resource to support your child's speaking and listening, reading and writing skills.
- The Body Coach (Joe Wicks) is streaming a live PE lesson Monday, Wednesday and Saturday at 9am on his YouTube channel, why not get the whole family to give it a go!
