## This week...

has been a fantastic week in school where the children have been a real credit! We have had some exciting learning happening in school including our Year 5 children learning all about the Early Islamic Civilisation and our Year 6's learning all about World War 2. Next Wednesday Year 6 will be having their very own WW2 day where we have some special visitors coming to school to bring the history unit to life! Not forgetting our amazing Year 2's who have worked so hard whilst doing their SAT's this week. We are so proud of them!

## Mental Health Awareness

This week we have spent time looking at mental health awareness. Activities have included mindfulness sessions and activities based around thinking about why we are amazing people. These activities have really showed how special and caring our children are which has been lovely to see.

## Dates for the diary

Tuesday, 23<sup>rd</sup> May

Swim Safe Talk

Wednesday, 24<sup>th</sup> May

Year 6 WW2 Day

Friday, 26<sup>th</sup> May

Break up for half term

Tuesday, 6<sup>th</sup> June

Back to school

Wednesday, 7<sup>th</sup> June

Year 4 Multiplication check meeting at 3:30 - 3:45pm

## DT Week

Next week we have a super exciting week as all of our children will be taking part in our DT (Design Technology) week. We have activities such as tasting and making our own dips in Year 2 as well as making our own pencil cases in Year 5. We cannot wait to see the end results - keep following your classes Twitter page to see the latest creations which your child will be taking part in making!

## Attendance

Well done to this week's winners: **Year 2**  
Attendance this week: 91.1%  
Attendance this year: 93.1%  
Attendance target: 96.5%

## Spotlight on Year 4

This week in Class Newcomen we have been continuing our learning about the Ancient Greeks, looking at the Greek gods and goddesses, and writing non-chronological reports about the topic.

We have been listening to songs from the Beatles and have learnt the song Blackbird on the glockenspiels, in our music lesson. In science we have been looking at the states of matter, and at what temperature the chocolate melts. It has been a very exciting term and I am more than excited to see the children working so hard (at school and at home) on their multiplications, thank you all for your support, we are going to do great!
